## RESTORE USA CONCENTRATE DEGREASER™

### PRODUCT DESCRIPTION

**Restore USA Concentrate Degreaser™** is a unique environmentally safe industrial strength degreaser and sanitizing cleaner that unites safety, effective cleaning and environmental awareness in a special concentrate formation that is cost effective and job-tested. **Restore USA Concentrate Degreaser™** is considered to be **"The Leader"** in effective cleaning and sanitizing.

### TYPICAL USES

**Restore USA Concentrate Degreaser™** is recommended for industrial, commercial and residential use. Restore USA Concentrate Degreaser is ideal for cleaning jobs. It may be used full strength for tough jobs or dilute 15:1 for normal cleaning. Restore USA Concentrate Degreaser is used to clean carpet, cloth, porcelain, stainless steel, ovens, tile & grout, counter-tops, leather, ceiling tile, concrete, paver stones, pool decks, masonry & wood. Restore and clean **"Everything"**.

### PRODUCT ADVANTAGES

**Restore USA Concentrate Degreaser™** is non-hazardous, non-flammable, biodegradable, non-carcinogenic water-soluble cleaner that sanitizes by eliminating bacteria. When applied to surfaces will not leave a residue.

### TECHNICAL DATA

**APPEARANCE/ODOR** : Light Pink to Pink/no offensive odor  
**BOILING POINT** : 98.8°C/210°F using test tube method  
**EVAPORATION RATE** : Less than 1 - same as water  
**FREEZING POINT** : 0°C/32°F  
**PH (1-12)** : 1.0 - 12.8  
**SPECIFIC GRAVITY** : 1.083  
**SOLUBILITY IN WATER** : Infinite  
**VAPOR DENSITY** : N/A  
**VAPOR PRESSURE** : N/A  
**WEIGHT** : 9.4 lb per gallon (10.00+/- .02)

### APPLICATION PROCEDURE

**Restore USA Concentrate Degreaser™** should not be applied if temperature is 0°C/32°F or less. Applicator should always wear goggles and rubber gloves. In enclosed areas with no ventilation a dust mask would be recommended. Apply with pump sprayer or pour on surface and agitate with nylon broom over desired area to be cleaned. We recommended agitating areas with our 1800 Envirowash Concrete Scrubber and 3000 psi and rinse areas thoroughly with water. Theoretical coverage will vary depending on the dilution rate. Recommended dilution ration is 1:10. May require multiple applications to surfaces to achieve desired results. **Always test product before application to surfaces.** All product information and application procedures are available on line at [www.restore-usa.com](http://www.restore-usa.com).

### STORAGE & HANDLING

Keep product from freezing 0°C/32°F. **DO NOT STORE IN DIRECT SUNLIGHT FOR PROLONGED PERIODS OF TIME.** Average shelf life is approximately 5 years from date of product manufactured if maintained and stored properly.
